Project Wieldy Homes Website
Date:30/09/2026
Time:11.30 - 12.30
Members: Mr.Saravanan,Mr.Trinath Ranjan,Mr.Janarthanan,Mr.Karthikeyan

CLIENT	PROJECT
Wieldly Homes	**Modular Construction Website**
Phone: +91 74836 11821	Website • 3D Experience • Admin • Deployment

PROJECT DIRECTION	Current offering: Modular Precast. Future offerings: Labour Camps and Capsule Houses, presented as future products with catalogue-request functionality.

01 • OFF-SITE CONSTRUCTION

• Use a scroll-based animated storytelling flow.

• Start from the outside of the facility and move inside to showcase the complete off-site construction process.

• Show the sequence: Design → Planning → Engineering → Manufacturing → Construction.

• Controlled environment for consistent quality, efficient production and reduced on-site variability.

02 • WHY WIELDY HOMES?

• Focus on small/micro infrastructure instead of large-scale infrastructure.

• Communicate an end-to-end service from foundation to finish.

• Highlight environmentally friendly and energy-efficient construction.

• Show reduced fossil-fuel usage and wastage.

• Explain that corrections and modifications are easier.

• Present the integrated ecosystem including engineering, licensing and technical support.

03 • CURRENT OFFERING - MODULAR PRECAST

• Showcase the 3×3 and 3×6 modular precast systems.

• Include foundation elements, building construction, floor plans, house designs, interiors and add-ons.

04 • FUTURE OFFERINGS

• Labour Camps - future product offering with a short introduction, visual/concept representation and a “Request Catalogue” option.

• Capsule Houses - future product offering with a short introduction, visual/concept representation and a “Request Catalogue” option.

05 • REAL REFERENCES

• After the animated storytelling sequence, transition into real reference images and completed/available work.

• Use real project visuals to support credibility and demonstrate available work.

06 • FINAL CALL TO ACTION

• End the website with a clear CTA for customers and potential partners to connect with Wieldy Homes.

PROPOSED WEBSITE FLOW	1. Exterior / facility entry → 2. Off-site construction story → 3. Why Wieldy Homes → 4. Modular Precast (current offering) → 5. Labour Camps (future) → 6. Capsule Houses (future) → 7. Real references / completed work → 8. Final CTA

CURRENT	FUTURE	CONVERSION
Modular Precast 3×3 + 3×6 systems Foundation • Construction • Plans • Homes • Interiors • Add-ons	Labour Camps + Capsule Houses Concept presentation Request Catalogue functionality	Customers + Potential Partners Connect with Wieldy Homes through the final CTA and enquiry/contact flow.

KEY CONTENT EMPHASIS	The experience should communicate that Wieldy Homes controls the process from design to construction, while making Modular Precast the primary product focus and positioning Labour Camps and Capsule Houses as future offerings.
